If your project requires the hiring of consultants (individuals with specialized skills who are paid at an hourly or daily rate), the maximum allowable consultant rate cannot exceed the maximum daily rate for a Level IV of the Executive Schedule, adjusted annually. You may find the annual salary for Level IV of the Executive Schedule on the following Internet site: http://www.opm.gov/oca. Select "Salary and Wages", and select "Executive Schedule". The annual salary is divided by 2087 hours to determine the maximum hourly rate, which is then multiplied by 8 to determine the maximum daily rate.

INDIRECT COSTS - If indirect charges are budgeted, indicate the approved rate and base. The base amount is usually total direct costs, less capital expenditures and passthrough funds. Passthrough funds are normally defined as major subcontracts, payments to participants, stipends to eligible recipients, and subgrants, all of which normally require minimal administrative effort. However, please refer to your negotiated agreement for specific guidance. If you are choosing to charge less than the approved rate, you may type in the applicable amount in the Indirect Total box. *This amount will be entered on Standard Form 424A, Section B, Line 6.j.*

NOTE: If you plan to propose indirect costs as part of your grant budget, you must have on file with the Region 10 Grants and Interagency Agreements Unit: (a) A current approved Indirect Cost Rate Agreement; or (b) Documentation that a current indirect cost rate proposal has been submitted to the Department of Interior's National Business Center (DOI/NBC); or (c) one of the following three options:

- 1. You may use a fixed/carry forward rate that is less than three years old. Provide a copy of your most recent indirect cost rate agreement that qualifies. The rate cannot have expired more than 3 years prior to the proposed project start date for the grant you are applying for. Example: If your proposed start date is 10/1/14, the oldest acceptable rate would be effective beginning 10/1/11. **This rate will be used for the life of the grant agreement.**
- 2. You may use a provisional/final indirect cost rate used on a current grant with the DOI. The DOI grant must correspond to the same project period as the EPA grant. You must provide a copy of the DOI grant agreement with your EPA application package. **This rate will be used for the life of the grant agreement**.
- 3. If you organization does not qualify for any of the options above, EPA will permit you to use a default indirect cost rate of 10%. This rate can be applied only to wages and salaries. You must request this rate at the time of application. This rate will be used for the life of the grant agreement.
