## Metered Commercial Water & Wastewater Service Agreement

This Agreement is made between the Alaska Rural Utility Collaborative as the Utility and \_\_\_\_\_ as the Applicant.

The Applicant requests that the facility be connected to the Utility's water/sewer system.

As part of the request, the Applicant agrees:

1. To abide by the water and sewer ordinances, rules, and policies adopted by the Utility.
2. As a part of the cost of connection, install a flow meter at a point where water first enters each facility. The meter shall be located such that the Utility will have reasonable access to it for the purposes of reading it to determine usage.
3. To pay the Utility a monthly service fee for water/sewer at the rate established by the Utility for commercial customers.
4. To pay any deposits required by the Utility prior to connection of service.
5. That delinquent bills (more than 30 days past due) are subject to collection actions. These actions can include, but are not limited to, late payment fees, deposit forfeiture, and disconnection of service.
6. Maintain the plumbing on the Applicants property and within the facility to the Arctic box or meter and/or sewer main, including all plumbing, piping, fixtures, and other appurtenances intended to carry water, sewage, wastewater and drainage in accordance with the Uniform Plumbing Code.
7. To use the heat tape and maintain adequate insulation for the system to prevent freezing during the winter.
8. That by signing this Agreement, the Applicant grants to the Utility, its officers, employees, agents and assigns, the right of ingress and egress to the property and facility for purposes of inspection, repair, connection or disconnection of piping, plumbing, fixtures and other appurtenances intended to carry water, sewage, and waste water. The ingress and egress shall be at a reasonable time, and whenever possible the Utility shall provide advance notice of any inspection.

All bills, invoices, statements, notices or correspondence shall be sent to the respective parties at the address stated below: **Type of Connection:** \_\_\_\_\_ **Water & Sewer** \_\_\_\_\_ **Water / Sewer Only (Circle one)**
