INSTRUCTIONS FOR COMPLETING THE COMMISSIONED CORPS UNIT HONOR AWARD NOMINATION RECORD

PART I -

NAME OF UNIT: For Unit Honor Award nominations, provide the unit with a name that clearly distinguishes its identity as it

relates to the activities performed by the group.

PROPOSED AWARD: Award Recommended:

Outstanding Unit Citation (OUC)
Unit Commendation (UC)

PERIOD COVERED: The beginning and ending dates (month, day, year) covering the period of the accomplishment. Do not

put "present" as an ending date. This part must have a month and year (e.g., 03/30/2016).

CITED FOR: Specific achievement for which the group is being nominated (150 characters).

MEMBERS

NOMINATED: List ALL members of the unit being recognized. Include commissioned officers and civil service employees.

CERTIFICATION: Self-explanatory.

ENDORSEMENTS: Endorsers must provide their signatures, titles, and dates. In the space provided for AWARD

ENDORSED, enter the award recommended (i.e., the proposed award or a different award than proposed). Nominations that have a lower level award endorsed than the proposed award should be forwarded to the next level of review until there is concurrence at a level that oversees at least 25 officers. **NOTE:** This may require the submission of the nomination to a higher level for review than would

have originally been necessary for approval of the award.

COMMENT: For nominations that have a lower level award endorsed, provide relevant useful comments.

Also, use this section to document external agency concurrence as needed.

CCAB & SG: Commissioned Corps Awards Board and the Surgeon General.

NARRATIVE: The narrative should focus on the unit's contributions, their significance, and how the unit's actions have

compared to or exceeded what is expected. The cited actions, their impact and significance are important and should be stated clearly. If the use of technical terms is required, the nomination should contain clarifying statements that are understandable to a multidisciplinary Board. The actions cited must fall within the period covered by the nomination. If any officer has received an honor award in the period cited or for earlier actions that may seem similar or overlapping with those in the current nomination, the nomination should clarify the basis for the prior award(s) and the relevance or nonrelevance to the present nomination. The narrative shall not exceed two single spaced typed pages with 1" margins. Times New Roman 12pt type style is preferred, but a comparable font that would provide no less than 12pt and no more than 12 characters per inch can be used. Ask your OPDIV or Non-HHS Organization

Awards Coordinator for guidance in preparing award nominations.
