# ALASKA INDIGENOUS RESEARCH PROGRAM:

## PROMOTING RESILIENCE, HEALTH AND WELLNESS

*Registration opens in February!*

**Are you Alaska Native or American Indian and interested in health research? Are you a researcher or public health professional interested in Alaska Native health research? Are you at least 18 years old?**

The Alaska Native Tribal Health Consortium (ANTHC) and Alaska Pacific University (APU) invite you to attend up to three weeks of courses held at APU covering:

- Indigenous and Western research methodologies
- Community-based participatory research
- Culturally responsive community engagement and communication
- Health research ethics
- Health research and historical trauma

**Courses are designed for varying levels of experience from beginners to experienced researchers and public health professionals.**

Choose the week(s) that best fits your needs:

- Week one | May 6-10  
Advanced research courses
- Week two | May 13-17  
Intermediate research ethics courses
- Week three | May 20-24  
Introductory research courses

**In addition to the three weeks of courses, five-week internships are being offered!**

**For more information:**
