ALASKA INDIGENOUS RESEARCH PROGRAM:
PROMOTING RESILIENCE, HEALTH AND WELLNESS

Are you a researcher or public health professional interested in Alaska Native health research? Are you Alaska Native or American Indian and interested in health research? Are you at least 18 years old?

The Alaska Native Tribal Health Consortium (ANTHC) and Alaska Pacific University (APU) invite you to attend up to three weeks of courses held at APU covering:

- Indigenous and Western research methodologies
- Community-based participatory research
- Culturally responsive community engagement and communication
- Health research ethics
- Health research and historical trauma

Courses are designed for varying levels of experience from beginners to experienced researchers and public health professionals.

Choose the week(s) that best fits your needs:

- Week one | May 4-8
  Advanced research courses
- Week two | May 11-15
  Research ethics courses
- Week three | May 18-22
  Introductory research courses

Registration opens in November 2019!

In addition to the three weeks of courses, five-week internships are being offered!
